

Sam Rivera

Software Developer

sam_rivera@example.com | Singapore

SELECTED PROJECT BEFORE EMPLOYMENT

Stockroom API | Personal project | 2024

Node.js, Express and SQLite; 18 automated tests. This was a personal exercise, not an employer project.

EMPLOYMENT - AS SUBMITTED

Moss Harbor Labs | Software Developer | Jan 2025 - Dec 2023

Maintained internal API endpoints. The end date precedes the start date; correct dates are not supplied.

Birch Signal Studio | Full-time QA Assistant | Feb 2024 - Nov 2025

Ran manual test scripts and documented defects.

Moss Harbor Labs | Full-time Software Developer | Mar 2024 - Oct 2025

Worked on Node.js bug fixes. These two full-time entries overlap; no explanation is supplied.

EDUCATION

BSc in Computing | Westhaven College | 2022

Education note: degree not completed; withdrew in 2022. The heading and note conflict.

SKILLS AND SUMMARY

JavaScript, Node.js, manual testing, SQLite. Summary claims five years of professional development experience, but dated entries do not establish five years. Do not infer missing dates or award a completed degree.
